SUBJECT INDEX

A

abscess
Ultrasonography of inflammatory and soft tissue swellings of the head and neck (Siegert), 842
ABSTRACTS [Current Literature]
90, 196, 291, 373, 466, 561, 645, 743, 828, 898, 990, 1082
acquired immune deficiency syndrome
Chronic herpetic infectin in an immunocompromised patient: report of a case (Vinckier & others), 723
Oral Kaposi's sarcoma in acquired immune deficiency syndrome (Keeney & others), 815
Red cell autoantibodies in patients with acquired immune deficiency syndrome [abstract], 375
Risk of noscomial infectin with human T-cell lymphtropic virus type III/lymphadenopathy associated virus in a large cohort of intensively exposed health care workers [abstract], 196
adenoma
Basal cell adenoma of the sublingual gland (Yamazaki & others), 270
Floor of the mouth swelling [clincopathologic conferences] (Smith & Elwell), 251
Nodular hidradenoma: an eccrine sweat gland analog of pleomorphic adenomas of salivary gland origin (Vincent & Hammond), 80
Papillary syringadenoma of the lower lip (Triantafyllou & Laskaris), 884
airway maintenance/airway obstruction
Bilateral fixation of a nasotracheal tube by transfacial Kirschner wires (Bhaskar & others), 805
Effects of size of the nasal airway on nasal airflow rate [abstract], 1084
Noninfectious acute upper airway obstruction (pseudo-Ludwig phenomenon): report of a case (Smith & others), 701
Use of cricothyroidostomy in oraland maxillofacial surgery (Feinberg & Peterson), 873
aluminum oxide implant
Secondary reconstruction of the mandible with an aluminum oxide prosthesis (Nagamine & Nakajima), 173
alveolar artery
Arteriographic assessment of patency of the inferior alveolar artery and its relevance to alveolar atrophy (Pogrel & others), 767
Arteriographic assessment of patency of the inferior alveolar artery and its relevance to alveolar atrophy; discussion (Whinery), 770
Alveolar bone/ridge
Arteriographic assessment of patency of the inferior alveolar artery and its relevance to alveolar atrophy (Pogrel & others), 767
Arteriographic assessment of patency of the inferior alveolar artery and its relevance to alveolar atrophy; discussion (Whinery), 770
Changes in bone strength after augmentation with hydroxylapatite or hydroxylapatite/bone (Lieblich & Topazian), 1055
Clinical evaluation of ceramic hydroxylapatite in oral and maxillofacial surgery—a multiclinic study [abstract], 91
Comparison of complications after bone removal from lateral and medial plates of the anterior ileum for mandibular augmentation [abstract], 197
Complications with porous hydroxylapatite blocks for ridge augmentation [letter] (Peterson), 966
Donor site for alveolar cleft bone grafts [letter] (Turvey), 834
Donor site for alveolar cleft bone grafts [letter; reply] (Jackson & Helden), 834
The effect of tetracycline on the incidence of postextraction alveolar osteitis (Sorenson & Preisch), 1029
The effect of tetracycline on the incidence of postextraction alveolar osteitis; discussion (Hall), 1033
Evaluation of a new dense-porous hydroxylapatite endosteal dental implant (Hosaka & Nagata), 583
Evaluation of collagen/hydroxylapatite for augmenting deficient alveolar ridges: a preliminary report (Mehlisch & others), 408
Evaluation of implanted durapatite particles in fresh extraction sockets to maintain the alveolar ridge in beagle dogs [abstract], 742
Functional alveolar reconstruction in a patient with total mandibular replacement (Altchuler & others), 945
Histologic study of tissue response to implanted hydroxylapatite in two patients (Chao & Poon), 359
Long-term results after secondary bone grafting of alveolar clefts (Enemark & others), 913
Long-term results after secondary bone grafting of alveolar clefts; discussion (Waite), 919
Long-term results of mandibular ridge augmentation by visor osteotomy with bone graft (Mercier & others), 997
Long-term results of mandibular ridge augmentation by visor osteotomy with bone graft; discussion (Peterson), 1004
Malignant fibrous histiocytoma presenting in the right mandibular alveolar ridge and left lung: report of a case (Severson & others), 955
A method to quantify the hydroxylapatite needed for ridge augmentation (Sorensen & Williams), 89
Osteogenesis in replamineform hydroxylapatite porous (RHAP) ceramic implants used for human mandibular ridge augmentation: report of two cases (Tio & others), 188
Particulate allogeneic bone grafts into maxillary alveolar clefts in humans (Nique & others), 386
Porous hydroxylapatite as a bone graft substitute in mandibular contour augmentation: a histometric study (Holmes & Hagler), 421
Restoration of bone discontinuities in dogs using a biodegradable implant (Hollinger & Schmitz), 594
Ridge augmentation using solid and porous hydroxylapatite particles with and without autogenous bone or plaster (Frame & others), 771
Ridge augmentation using solid and porous hydroxylapatite particles with and without autogenous bone or plaster; discussion (Block), 778
Spontaneous tooth exfoliation and osteonecrosis following a herpes zoster infection of the fifth cranial nerve (Mostofi & others), 266
The stability of Le Fort I maxillary osteotomies in patients with simultaneous alveolar cleft bone grafts (Garrison & others), 761
The stability of Le Fort I maxillary osteotomies in patients with simultaneous alveolar cleft bone grafts; discussion (Braunn), 766
Tissue response at the bone-implant interface in a hydroxylapatite augmented mandibular ridge (Page & Laskin), 356
Tooth transplantation to bone grafts in cleft alveolus [abstract], 992
ameloblastoma
Massive granular cell ameloblastoma with metastasis: report of a case (Cranin & others), 800
amyloidosis
A case of IgG lambda-type solitary plasmacytoma in the maxilla associated with amyloidosis (Saito & others), 715
Primary amyloidosis: report of a case (Plezia & others), 613
analgesia
A double-blind comparison of nalbuphine and meperidine hydrochloride as intravenous analgesics in combination with diazempam for oral surgery outpatients (Scott), 473
Central beta-endorphin release by nitrous oxide [letter] (Gillmand & Lichtfield), 472
Central beta-endorphin release by nitrous oxide [letter; reply] (Zuniga), 472
